THE LAKE-SUMTER JUNIOR COLLEGE, LEESBURG, FLORIDA

FEBRUARY, 1965

# L-SJC Holds Open House

## Student Gov't Hosts District SGA Workshop

Dr. James Wattenbarger, Director, Division of Community Junior Colleges in Florida will be guest speaker during the luncheon planned for the FJCSGA meeting, Saturday, March 20 at Lake-Sumter Junior College. Delegates from four junior colleges in the district will take part in workshops to be held on L-SJC campus. After the workshop discussions, the group will attend a luncheon at the Lancer Restaurant in Leesburg where Dr. Wattenbarger will speak concerning

(Continued on page 2)

## Student Employment Service

Part-time jobs in this area are scarce, but the office of student personnel is doing all it can to bring employers and hopeful student employees together. Mr. E. Jon Bruns, Dean of students, the office of student personnel keeps a record of students and the type of work desired, as well as a record of what part-time jobs are open, especially in hospital work. Opportunities will be posted on the Bulletin Board for interested students. The office is working closely with the Leesburg branch of the U.S. Employment Service. Students interested in employment should contact Dean Bruns before visiting the employment office. Regarding to summer work, the office has recently received a directory of job opportunities available during the summer months.

## Student Dress Policy Set

Any attempts by students of Lake-Sumter Junior College to look "shabby" will not be tolerated. Violators will be referred to the Dean of Students by a student government member, or faculty member. Abuse of these privileges may result in suspension from school.

Specific restrictions are as follows:

1. Students of Lake-Sumter Junior College will be permitted to wear shorts with the following qualifications:
  - a. Only loose fitting, knee length bermudas.
  - b. No cut-off jeans or cut-off slacks.

STUDENTS SHOULD REALIZE THAT THE WEARING OF SHORTS ON CAMPUS IS A PRIVILEGE ENJOYED BY FEW JUNIOR COLLEGES IN FLORIDA. STUDENTS SHOULD NOT ABUSE THIS PRIVILEGE.

2. Shirt tails must be tucked in, with the exception of certain styles of square cuts which are designed to be worn out. Cut-off sweat shirts will not be allowed.
3. The women of Lake-Sumter Junior College will not be allowed to wear slacks, slim-jims, jeans, or peddle-pushers.

## Aptitude Tests Available

Students who are interested in knowing more about their aptitudes may sign up for a test to be given on the campus sometime this spring. The GATB (General Aptitude Test Battery) is a 2½ hour exam which measures aptitudes needed for success in certain occupational fields. This test should be particularly useful for the student who has not yet made a career choice. All those interested should register now in the student personnel office.

New Materials Available in Student Personnel Office.

New educational and vocational materials recently received in the L-SJC Student Personnel Office include such information as:

VISTA opportunities (Volunteers in Service to America)

FSU — Three-Year Master's Program

Careers in Mental Health  
Employment Outlook for Biochemists

Government Jobs Overseas  
Women Space-Work Experts

Careers in Aviation  
The College Handbook

Careers in Medical Technology

THOMAS D. BAILEY

## Scholarships Awarded

At the Scholarship Committee meeting Tuesday, January 26, 1965, Dr. Williams announced to the committee that the Lake County School Board had approved the recommendation of the Junior College Advisory committee that matriculation fee waiver scholarships for students enrolled full time in Lake-Sumter and Johnson Junior Colleges be awarded as follows:

Five scholarships to be awarded to Latin American students for each Lake-Sumter Junior College and Johnson Junior College.

## Yearbook Progresses

The Naiad Staff is proud to announce the excellent progress on our school yearbook. Thanks to the very fine supervision and hard work of our sponsor, Mr. Bloch, the yearbook will be one to be proud of.

The progress made at Lake Sumter this year will long be remembered because of the extensive coverage of progress in this year's annual.

Two-thirds of the annual has been finished and printed. Our final deadline was February 21.

Fifteen scholarships for students in the areas of special talent, which would include academic ability, speech, art, music, and athletics, by each Lake-Sumter Junior College and Johnson Junior College.

The committee agreed on a maximum number of special talent awards to be awarded in the area of athletics. The maximum number of talent awards scholarships in the area of athletics will be limited to eight. The group decided that it might be well to allow the athletic director and coach to recommend to the committee those persons that they thought suitable for the athletic scholarships.

After discussing the grade average of students who had previously been awarded scholarships, the committee allowed the following students who had received scholarships in the fall semester to receive their scholarships for the spring semester of 1965:

General Funds: James Crossley, Ricky Owens, Glen Walker, Fred Nelson, James Stewart, William Furnas, Robert Stahl, Mrs. M. R. Sapp.

Special Funds: Mr. L. J. Cubbage, Miss C. Gates, Mr. B. Dew.

(Continued on page 3)

## State Official To Dedicate

The Honorable Thomas D. Bailey, State Superintendent of Public Instruction, will be the principal speaker at the formal dedication of Lake-Sumter Junior College, Sunday, March 7, at 3 p.m. Open house of the campus will be held from 3:45 p.m. to 5 p.m. The public is invited to attend and to welcome the Honorable Mr. Bailey and other officials to the new campus.

Dedication ceremonies will begin with "The Star-Spangled Banner" played by the L-SJC band under the direction of Charles Caudill. The invocation will be given by Dr. Walter L. Mertz, pastor of the First Presbyterian Church, Eustis. Following the invocation, Jeff Wright, SGA president, will welcome guests of the college.

Dr. Paul P. Williams, president of the junior college, will speak briefly; then Jack Morgan, Lake County Superintendent of Public Instruction, will introduce The Honorable Mr. Bailey. The Reverend Gordon Strickland of Morrison Memorial Methodist Church, Leesburg, will pronounce the benediction.

Members of the Lake County Board of Public Instruction will be present at the dedication. They are: Paul W. Bryan, chairman; Fred H. Adkinson; Burton Brown; Edwin Mattson, Jr.; and M. O. (Buster) Williams. Also present at the ceremonies will be the L-SJC Advisory Com-

(Continued on page 4)

## Enrollment at All-Time High

Enrollment for the spring semester at Lake-Sumter Junior College totals 693 day and evening students, a hike of 100 over registration for this past semester, when 593 were enrolled.

H. W. Asbell, dean of services, in announcing registration figures said that of the 693 enrolled, 144 are teachers of Lake and Sumter Counties who are taking special "in-service" courses in mathematics and Spanish.

These teachers, he continued, are learning the latest methods of teaching modern mathematics and Spanish, and in the case of the latter, using the newest type of equipment on the new Silver Lake Campus of the junior college.

A feature of the recently completed construction for the junior college is an electronically equipped language laboratory.

### Costa Rican Student Here

By MARILYN BLOUNT

"Normally, people are all the same," smiles lovely Rosa Laura Mojica Cerdas, new student from Puntarenas, Costa Rica. Fondly called Rosa by some, known as Laura to most, Miss Mojica commented on the people she had met in the United States and those she knows in Costa Rica.

Laura is so enthusiastic about her stay in Florida that she wants her 17-year-old sister to study here, too. "She can see this part of the world and its customs; I think it's a good experience going somewhere else and trying to study," Laura explained.

This is not Laura's first trip to Florida. She attended the English Language Institute at Gainesville in the summer of 1964. In September she returned home to visit her family and her good friend Luis Ortega. Luis is also from Puntarenas, and now is a medical student in Solomona, Spain.

#### Enrolls at L-SJC

In January, Laura came back to Florida by way of Miami ("I had a good time there by myself") and found she was too late to enroll at North Florida Junior College in Madison, as planned. She then enrolled at Lake-Sumter.

Miss Mojica's courses of study here are: Spanish, speech, political science, English 110, and physical education (dancing). "I love my Spanish class: it helps my English when I try to translate from Spanish to English," says Laura. She plans to teach Spanish in the United States and/or English in Costa Rica.

#### Likes Speech Class

Speech class is also one of Laura's favorites. "I like to see how the students talk and hear their different experiences and learn what they are like and why they act the way they do. It's fun to."

Sharpe, Cheryl Grady, Barbara Patterson and Patty Schrader. Journalism students and teachers attended the convention to discuss problem with their individual student newspapers and yearbooks. There were sessions dealing with editorial policy, newspaper lay-out, advertising, photography in student publications, news reporting, and sports writing. It is hoped that the FlaJuco convention will be of benefit to our future newspapers and yearbook.

### Janet Baker Crowned

Students at Lake Sumter Junior College have named Janet Baker, Umatilla, their homecoming queen.

Janet was crowned during homecoming festivities.

Cheryl Graddy, Leesburg, was named first attendant, and Roxanne Hines, also Leesburg, was second attendant. Other candidates for the honor were Sally Reynolds, Wildwood, and Cheryl Johnson, Tavares.

### To Judge

Dean of Students, Jon E. Bruns, will be the sole judge of a beauty contest at CFJC next Tuesday. He has predicted that a tall brunette will win!

ence in accents and the way people say words such as 'often', and how they say 'y'all.'

"The only trouble is, we don't have speech in our schools. It's hard to make a speech, 'specially when you don't know how to speak it or make it," Laura says.

Laura is happy here with Florida's warm weather, but she is not used to the cold Florida has had. It is always warm in her home town, and there are only two seasons. The only way one can tell winter from summer is by the rainfall in winter. It's summer now in Puntarenas, and Laura misses the beach where the kids gathered every day. Would Daytona measure up as a substitute?

**GIFT TO COLLEGE.** Mrs. A. N. Stivender has presented a gift of classical records, including several operas, which had belonged to her son, the late Fred Stivender, to Lake-Sumter Junior College.

### Civic Leaders

Civic leaders, legislators, and school officials from Lake and Sumter Counties were invited to a luncheon Thursday, February 25, in Orlando, one in a series of seven in the state for a College Caravan.

The Caravan kicked off a massive educational campaign to inform the people of Florida of the needs of higher education in the 1965 Legislature. Dr. Paul P. Williams, president of Lake-Sumter Junior College, participated in the luncheon planned for this area at the Martin Company plant in Orlando. Other junior colleges to be included in the Orlando area luncheon were: Central Florida at Ocala, Daytona Beach and Brevard Junior Colleges.

The Caravan started February 16 in Tallahassee, when the presidents of the state universities, junior college presidents state officials and members of the Board of Regents will outline problems facing the state in higher education during the next 10 years. Governor Haydon Burns expects to make the tour which included: Pensacola on February 17, Tampa on February 22, Miami Beach on February 23, Boca Raton on February 24, Orlando on February 25 and Jacksonville on February 26.

Plans for the tour were announced jointly by the Florida State Chamber of Commerce, Council of 100 and the alumni of the university and junior colleges.

#### STATE OFFICIAL

(Continued from page 1)

mittee. The members from Lake County are: Howard Kurfiss, chairman; Mrs. Marie Bowden; Mrs. F. P. Hatfield; Rowan Pickard; and Mrs. Stanley Tyre. From Sumter County the members are: Clyde Bailey, Charlie Morgan, Willard Peebles, and Mrs. Nannette Smith.

The presidents of the various Florida junior colleges; county commissioners; and local civic, service and fraternal organizations have been invited to attend in addition to the general public. Radio Station WBIL will devote time to the Honorable Mr. Bailey's address (live) and to various live and taped interviews during the open house, and later in the day.

Refreshments for the open house are provided in cooperation with the Minute Maid Corporation and the faculty Dames Club. "In case of inclement weather, the program will be held in the Library Building."

## Who Wears the Pants At This College?

By BILL BOZEMAN

Recently there has been much controversy, initiated by the female students at Lake-Sumter, as to whether or not girls should wear slacks on campus. Actually this is not a very big problem. The current policy on student dress states that students will be allowed to wear Bermuda shorts, and this should satisfy most of the students. However, there will still be a group of unsatisfied girls who think they are being denied their "rights" by not being allowed to dress as men do.

#### Survey Held

Frankly I was curious as to why girls wanted to wear slacks in the first place, so I devised a survey asking two questions: 1. Do you want to wear slacks on campus? 2. Do you think that slacks are appropriate college dress for women? The results were very interesting. First, they showed that most of the girls surveyed think that it is inappropriate to wear slacks at school. The results are as follows: Of the 50 girls surveyed 28 answered yes to both questions, 16 answered both questions no, and 6 answered yes to the first question and no to the second.

Most of the reasons given for wearing slacks were, that it is more comfortable than wearing a dress, it's warmer in cold weather, and "we are in college now; we should be allowed to wear what we want to." If Lake-Sumter was a college in the North there would be some grounds for the complaint that girls need to wear slacks to protect them against the cold. I don't think that any girl actually suffers in cold weather. We are in college now and I think it's time that certain students realized it. All students should dress with the good taste of a mature college student, and

this does not include women. The only girls who received for girls was that it is inappropriate to change (and there is no change from a dress to slacks). This may be a problem only to a small number of girls. In this hot weather will suffice, and in facilities will be built to solve the problem.

#### Tight Pants V

The reason that girls are not allowed to wear slacks is that it is impossible to set up a ruling (for a college as L-SJC) as to the girls' slacks. This Bermuda shorts for and women are v same in fit and whereas men's slacks are not a women's slacks w same style and the colors that men's there would be no honest truth is that made to be worn like to wear tight there is not a single can argue that face example the slacks leaders wear to p WOW!).

Slacks may be more comfortable than a dress or I say may be better having worn a dress know for sure, but view on the whole that girls have a right to their sex as well. This responsibility is best possible at all means to dress suit every occasion. Slacks are for casual occasions school of higher education not the place to wear

So come on girls, good taste; let the pants.

## Summer Classes Offered

A six weeks summer session will be held at Lake-Sumter this year. A tentative list of course offerings has been approved pending sufficient registration. Students who are interested in taking a course this summer should sign up now in the office of the Dean of Students for the class they desire.

Should there be sufficient demand for other courses than those listed below, additional courses may be scheduled.

## New Clubs Forming

### Bridge Club

All L-SJC students interested in learning to play bridge or those who are experienced bridge players are urged to sign the petition now being circulated. This is the first step in forming a new club on campus. For further information, contact Vicky Busby, Paul Lieberman, or Mrs. Taylor. Colonial Wirak will serve as sponsor.

### Graphic Has Society

Engineering students interested in forming a club please

contact Mr. Jones or Dan Sumner. This organization will also include drafting and design students and art students.

### Service Organizations

Women of Lake Sumter are urged to apply for membership in either of the two service clubs now being organized. Miss Allen is sponsoring the Soroptimist club and Mrs. Yarish is sponsoring the Triangle Club. See either sponsor or Mrs. Taylor for further information.

Sandy Schoenberger

### Sandy's Si-nop sez!

but our brave Mrs. Taylor stood up against that bunch of "Rebel rousers" and saved the flag and Patty's car.

We certainly decorated their gym with our slogans. By the way, WHAT'S THE GOOD WORD? (And we DID!) Don't feel bad about not getting their flag. By the looks of it (the way it was tied down), it is probably still hanging there.

Thanks and appreciation go to every student who participated in building the school spirit of Lake-Sumter to its highest peak.

The Homecoming night was also quite an event. Have you ever seen such cheerleaders? (Those cheering for the student-faculty game, that is). Pete Wilson certainly got the point, didn't he?

Say, Jeff did you misplace your car the other night.

Congratulations, Janet, and all the other candidates for queen.

### SCHOLARSHIPS

(Continued from page 1)

Mr. Bruns told the committee that at the present time there were two \$75 scholarships available and one \$50 scholarship available. After discussing the various applications that had been submitted to the committee, it was decided that the two \$75 scholarships would be awarded to Tommy Atkinson and Nancy Myers and that the \$50 scholarship would be awarded to John Furnas.

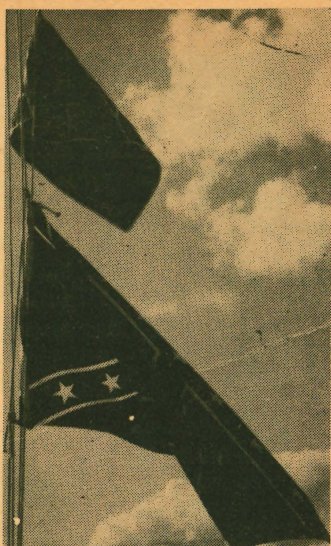

### Library Enjoys Peak Patronage

It has been evident from the very first day on the new campus that the Lakers are very proud of their new school and especially of their library. This fact is indicated by the average daily attendance of 230, which the library saw during its first week of operation. (The largest number for January on the old campus was 170). Circulation (the number of books checked out) soared an all-time high on opening day.

The new facilities offer a pleasant atmosphere for research, study, or leisure reading. The periodicals room, with its colorful chairs and a view overlooking the lake, is certainly inviting. At last we have room to work and study without the fear of being bumped by someone looking for a book or a place to sit.

In addition to the new library itself there has been another section added to the card catalogue, new tables, and chairs, and permanent book shelving add a graciousness to our library of which we are very proud.

Any student who has not received a library identification card may obtain one at the circulation desk upon request. Mr. Delbert Copeland, librarian, adds that it is truly a pleasure to him and the staff to be on the same campus as the students.

Memorable Day At L-SJC

### Senator Daniels Speaks

By SHIRLEY BURKE

The Lake-Sumter Political Science Club hosted a most distinguished visitor. Wednesday, February 3, found Political Science club members and interested adults in the new teaching auditorium. State Senator Welborn Daniels spoke to the group on Reapportionment.

Pi Sigma Chi was indeed proud to introduce several other distinguished visitors. Faculty members present included Dr. Hoyt Pope, and a new professor, Mr. Peter Rob. The club was also honored to note the presence of Dean E. Jon Bruns and our president, Dr. Paul Williams, also noted was the presence of Mrs. Norma Hendricks of WBIL radio and mayor-commissioner of Leesburg in the group. Mr. Walt McLin, Leesburg attorney and husband of one of our English professors came out for the meeting.

Mr. Daniels, recuperating from a case of the well known "executive flu", spoke eloquently and with ease. He told us the "basics" about reapportionment with "vigah" and spirit.

Following the program, Gretta Ballard and Carol Rickerson, both of Bushnell, and Sharon Uhl, Mount Dora, served refreshments from a lovely table.

During this time there was informal talk and pictures were taken for the annual.

Glen Walker is the president of the club, and Mr. Kent Sole is the very able sponsor.

Walker announced this week that on March 8 the club will feature Mr. D. K. Brown as its speaker. Dr. Brown is a special agent for the Federal Bureau of Investigation. He has spent twenty-two years as head of the field offices for the FBI, and is a graduate of Arizona State University.

The Political Science Club is presenting some very inspiring programs. It is worthwhile to be a member of the club. Why don't YOU join?

## Management Program Expected

The possibility of establishing a Mid-management Program for Lake-Sumter Junior College was discussed by a representative group of businessmen at an organizational meeting of the Advisory Committee for Mid-management Tuesday night at the Lancer's Leesburg.

Dr. William Bungert, dean of instruction, and Joseph Rhile, chairman of the Business Education Division, of

the junior college, explained the program which provides training in marketing and distribution, such as selling and advertising, as opposed to technical instruction.

There are two phases in the program: (1) a combination of general education and specialized business subjects at the college, and (2) practical on-the-job experience. The student will receive a certificate after completing the two-year course.

Members of the committee are: Walter McIntyre, A. C. Edwards & Sons, Eustis; Harold Boradway, Minute Maid Co., Orlando; Tom R. Champion, attorney, Mount Dora; Byron Herlong, A. S. Herlong & Co., Leesburg Oakley Seaver postmaster, Clermont.

Also, Robert A. Shoemaker, Sumter Wood Co., Wildwood; Dr. Ray McIntyre dentist, Eustis; Arthur Thompson Central Florida Insurance Agency, Bushnell.

## Campus Fashion

By PATTY SCHRADER

Along with our nice weather Edwards-Macy is receiving new shipments of spring fashions every day. New spring dresses are pale pastels of pink, yellow and mint in cottons and crepe. Be patriotic! Wear some of the new sailor dresses of denim or the red, white and blue combinations with polka dots in cottons and the new rayon with a linen look. The look of scallops, as shown in Seventeen, is available at Edwards-Macy.

What's come over madras? Just a complete and completely charming change! Sweet new details and soft new silhouettes make this classic very cool, very circa 1965. Tailored button-down shifts with margins of madras, slickerized madras in raincoats and parkas are among the many available at Edwards-Macy. Accessories of madras include belts and T scarves.

Their marvelous swimsuit collection has been growing so rapidly — now they have one whole rack of one-piece suits, and another of two-piece suits. For the spring formal occasions Edwards-Macy has been getting a wonderful selection of long and short formals.

If you haven't been to Edwards-Macy lately, you'd better hurry so you can get the best selection available.

## Angler Plans Rummage Sale

The Angler Staff of Lake-Sumter Junior College will sponsor a rummage sale Saturday, March 6, at the Citizens National Bank Lot on Main St., Leesburg. Rummage may be left at the office of Mrs. Mary Ruth Taylor at the school, or may be brought to the sale, which begins at 7 a.m.

## Athletic Program Expanded

This year the varsity tennis program has been expanded to include both male and female participants. All players, regardless of sex, will compete for a ranked position on our varsity squad. Also, in scheduled inter-collegiate matches, competition will be allowed to the outcome of our inter-squad competition (again, regardless of sex).

Generally, the program is as described above however, if you prefer not to mix the sexes, please let Coach Hollingsworth know at your earliest convenience. Which ever way you desire to compete, we will adjust our line-up.

Here's hoping that the girls will be included mixed or as a separate varsity group.

### Athletics Schedules

#### BASEBALL (TENTATIVE) SCHEDULE — 1965 (Spring)

Apr. 19	Mon.	Manatee Junior College	2:00 p.m.	Home
		Mon., Brevard Junior College		

## From the Sports Editor's Desk

Bob Stahl

The Silver Lakers, under Coach "Buddy" Lowe, finished with the first winning season in the history of the college. Sophomores J. D. Askew, Danny Jones, Walt Shaffer, and Bob Stahl along with Freshmen Bob Douce, Jack Harmon, Dale Sharpe, and Dan Sperry managed to outshoot and rebound ten of their opponents while losing nine contests.

Jack Harmon, sporting around an 18 point per game average, and J. D. Askew, transfer student from Princeton, were named co-captains for the season during the Homecoming activities which gave the Lakers a victory over Florida College of Tampa.

The best game played by the Silver Lakers was against Central Florida of Ocala. Down eight points at halftime and thirteen with less than ten minutes of playing time remaining, the team fought back behind the shooting of Dale Sharpe and Bob Douce and the rebounding of Bob Stahl, to manage a squeaking 66-60 win. The team did just what the fans ask for throughout the game, the Lakers did give the Rebels "HELL".

Again the shooting of Jack Harmon, Bob Douce, defense of

J. D. Askew, and rebounding of Dale Sharpe and Bob Stahl gave the Lakers a 81-68 victory over the much taller Florida Military squad who earlier this season lost to Orlando Junior College by only one point. The following night proved that seven men, including two officials, were better than five as our Lakers tried to drop the Rebels for the third time this season and came out 98-81 losers. Coach Lowe finally let off some of his steam by getting two technical fouls called on him in an outburst at the officiating. This loss dropped the Lakers from the tournament which saw Orlando Junior College capture the championship. However, during this last game with Central Florida, Ernie Moore displayed a tremendous "right" in aiding a losing cause on the court.

### Thanks Go To Tommy

The varsity basketball players want to take this time to express publicly their thanks to this year's manager, Tommy Atkinson, for his work throughout the season.

#### BURRY'S PHARMACY

## Military Career Day Held

On Thursday, Feb. 18, students gathered in the teaching auditorium for Military Career Day. Interested students saw what each branch of the armed forces had to offer in the way of a career. Bill Roll presided over the assembly and Dean Bruns introduced each speaker. All the enlistment services were represented. Speaking for the Air Force was Major Ray Hebel; speaking for the Army ROTC was Major James Hearn; and speaking for the Navy's NAVCAD was Lt. Commander Dick Matthews. Both the Army and Air Force ROTC programs were representative of those in effect at the University of Florida. Local military recruiters in the area were also introduced by Dean Bruns. The Women's Air Force was represented by Captain Sanchez; the Air Force by Sergeant Moorman; the Marines by John Morgan; and the Navy by Jesse Walker.

#### FSU Transfers

During the week of February 22-26 Mr. Jack Arnold, Assistant Dean of Students at FSU, together with a visitation team will be on campus to answer questions of students who are planning or considering to transfer to Florida State University. Students wishing to have personal interviews with the team should sign up in the Dean of Students office without delay.

## L-SJC 1965 TENNIS TEAM

## Tabs on Tennis

BY B. B.

Spring must surely be right around the corner, since spring brings tennis and official varsity tennis practice began Friday, Feb. 5. Even though the wind had a breath of winter in it, it didn't keep eight potential varsity players from meeting on the Venetian Garden courts with Mr. Brown. Those present were Marilyn Blount, Winnie Griffith, Jere James, Stevie Kimbrough, Paul Lieberman, Jim Polk, Sandy Schoenberger

#### STUDENT GOV'T

(Continued from page 1)

the important role that a SGA has in the total junior college program. The speaker graduated from Palm Beach Junior College in 1941 and received his BAE with high honors from the University of Florida in 1943. After advance work at the University of California, he returned to the University of Florida to receive his Ed.D. in 1950.

Dr. Wattenbargers publications includes *A State Plan for Public Junior Colleges*; articles in the *Educational Research Bulletin*, *Clearing House*, *School Executive*, and *Florida School Bulletin*; *Education for the Future of Florida*; editor of *The Community Junior College in Florida's Future*; and Co-editor of *The Community College in the South*.

and Tommy Vernon. It seems that a "virus bug" had Ron Williams under the weather, but he should be ready to go full blast by the next official practices which are to be held each week on Wednesday and Friday from 1-4 p.m. at the Gardens. The courts are being reserved each day from 1-4 p.m. for daily workouts.

Some students who have shown interest in participating but did not show up for practice are Beth Davis, Judy Jones, Louise Terrell, and Sharon Uhl. See you on the courts at the next practice, girls!!! Pat Arneodo and Fred Thurmond didn't make it either. Get with it, boys!!!

Our first matches will be held in early March, so we have to have some "earnest" work in order to be ready for these upcoming events.

Kimbrough is Lake-Sumter's only returning letterman in tennis. However, the potential looks good. Jim Polk was one of Leesburg High School's aces in past years and most of the other players have played in high school or on the courts in the P.E. classes. Please keep in mind our home matches at Venetian Gardens so that you can come out and support your team.
