LAKE-SUMTER COMMUNITY COLLEGE

Celebrating Our

40<sup>th</sup>

# ANNIVERSARY

1962 - 2002

1962 marked the first year the college opened its doors for classes at Leesburg High School. Forty years and three campuses later, LSCC will celebrate its history, successes, and contributions to the Lake and Sumter communities during a year-long observation, starting January 12, 2002. The day will start with a Founders' Breakfast, in the Magnolia Room, from 8 until 9:30 A.M., to honor those from the community who have been instrumental in LSCC's past, present, and future.

The Leesburg Campus will then host an Open House, from 10 A.M. until Noon, affording us all the opportunity to show-off our college by featuring our faculty and staff, as well as our facilities. The Convocation Center will be the site of an LSCC Expo which will focus on our programs and services. LSCC's rock band, Red 5, will entertain and light refreshments will be served. Be sure to invite your family and friends.

This year, our Chapter has taken a very active role in soliciting legislative

support for LSCC. They have produced a brochure defining the College's *Legislative Priorities*, which provides relevant information for those on both sides of the political fence. They are also sending teams to visit state legislators to personally outline these priorities. The first of such visits was Nov. 20th, when Brandy Ziesemer, Dr. Carolyn Meyer and Linda Means (*shown above*) presented an Appreciation Certificate to Representative Cary Baker.

The front yard of the Student Center has been attractively re-landscaped by our FACC chapter.
