## Weekend college comes to Lake-Sumter

By BARRY STUMBO
Weekend College has begun at LSCC. The new program, started Feb. 15, is designed for the student who wants to sharpen his skills or for the adult who is unable to attend classes during the week.
According to Dr. LaVera Yarish, dean of academic services, two of the seven classes are filled with response being favorable in the others. All classes are for one credit hour and will be taught Fridays and/or Saturdays in a three-five week session.
Dr. Yarish said she hopes that threecredit courses will be offered by fall, with the curriculum being expanded. She said, "We are experimenting and responding to what the students' and the community's needs are."
Classes will be continually added during the term with registration taking place as the student enters the classroom. Fees will be paid then. It would be to the student's benefit to call and reserve a seat in the classroom, she suggested. Textbooks will be available, and tuition will be the $\$ 19$ per credit hour charged for all credit courses.
This new concept is borrowed from St. Petersburg Community College, where it has operated successfully for
a number of years. The program is especially geared for local school teachers who are unable to attend classes during the week and for the student who might be a credit short or in need of polishing up his skills.
Classes now being offered are: - Computer Literacy, a study of general computer operations.

- Algebra Word Problems Without Tears, methods and practices of solving word problems.
- Business English Review, a review of the parts of speech, sentence construction, and punctuation. - Updating Your Composition Skills, practice in writing essay forms. - Updating Public Relations Speaking Skills, emphasizing oral presentations in business.
- Writing: Modern Techniques, using the computer as the writer's editing tool.

Although it may be too late to register for these particular classes, other courses will be available during the term and also during the summer sessions.

Dr. Yarish said she encourages anyone interested in these or other courses that may be offered to contact the Admissions Office for necessary information.

## LSCC, SCC bands to play

By MATT AUSTIN
The stars will be out over the lake at LSCC on Tuesday night, March 26. Performing at 8pm for listening and dancing pleasure will be the LSCC Jazz Lab and Concert Bands, under the direction of Clair Christy, instrumental music instructor. Joining them for this free concert will be special guests, Bill Hinkle, director of bands at Seminole Community College, and the SCC Concert Band.

The music will range from American folk music to selections from the Broadway musical, The Sound of Music, to arrangememts featuring selected sections of the band.
Also, for those who enjoy music from the Glenn Miller era, the Jazz Lab Band will play various big band numbers to which the audience is invited to dance.
Guests are invited to arrive early to picnic on the LSCC lawns, Christy said.

## Brain Bowl team takes regional title <br> By LORRI CARPENTER <br> instructor, will represent region three

## Assistant Editor

The efforts of the Lake-Sumter Community College Brain Bowl team bloomed into victory at the Brain Bowl regionals held on Feb, 15 in LSCC's Fine Arts Aữitorium.

LSCC team members planned a surprise for their opponents-they showed up on stage wearing fluorescent green sweatshirts, and each shirt bore the name of a character from the comic strip "Bloom County." The LSCC team has a tradition of picking an off-beat type of attire to help psyche out the opposing team.

The LSCC team overcame the Seminole Community College "A" team 150-point lead at half-time to beat Seminole 455 to 365 .

The second 20 -minute half of the LSCC-Seminole match was tensionfilled as the LSCC team tried to close the gap between it and Seminole. Feet tapped, fingers drummed, and buzzers were clenched as team members David Hobby, captain; Lorri Carpenter, Lisa Finkelstein, and Carol Simms waited for questions.
The LSCC team, under the direction of Ken Tolliver, social science
in Pensacola for the state championship in late March.

As winners of the regional competition, each team member will receive $\$ 50$.
The six-member team, including Scott Bateholts and Jill Harrison, didn't play in the first round of matches because the team had drawn a bye due to an odd number of teams. For its first match, LSCC competed against Indian River Community College in the semi-finals and won 445 to 200 .
In the other semi-final match the Seminole "A" team defeated Brevard Community College 595 to 115.

Brevard reached the semi-final after a 10-minute playoff against the Seminole "B" team. The playoff resulted when the match between Brevard and Seminole "B" was a close 310 to 315 in Seminole's favor. Protests were made by both sides over some answers to questions, and the playoff settled the score with Brevard winning 55 to 10.
Other teams, who were from Daytona Beach Community College and Valencia Community College lost their matches in the first round.

# Lyceum Series to bring Southern Ballet Theatre 

## By BECKY WINDHAM

The Lyceum Series will present the Southern Ballet Theatre at 8 pm on Friday, March 1, in the Paul P. Williams Fine Arts Auditorium. The program will include "On Leave" with the music by George Gershwin as well as classical selections.

Now on tour throughout the Southeast, Southern Ballet Theatre offers a variety of programs. Founded more than ten years ago, the company's size and maturity enables it to tour full-length classics like the
"Nutcracker," to repertory ballets by Balanchine, Comelin, and Griffin. Under the direction of Barbara Riggins, the company has developed a' well-rounded and balanced group of dancers who bring life to contemporary, as well as classical, ballet.

The Lyceum Series will also present on April 12, Montana Slim, also known as Wilf Carter, who has fifty years of experience in writing songs and performing them. His performance will benefit the Music Department of LSCC.

On April 27, the Harlem Heyday will perform. This professional troupe specializes in high quality black theatre productions, featuring old songs, dances and memories.
Student and faculty tickets for any of these three performances are available at the College Bookstore for four dollars each. All programs will begin at 8 pm .

## FPRÁtoroast

By CHRIS HENDERSON
State Rep. Everett Kelly of Tavares will be roasted at the fifth Florida Public Relations Association "Roast and Toast" on March 9 at the Mission Inn, Howey-in-the-Hills.
The event is held specifically to raise money for scholarships for communication majors at LakeSumter. Last year two LSCC sophomores received $\$ 500$
Please see ROAST, page 3

## LETTER

## Brain Bowl team says thanks

## Dear Editor:

We'd like to thank some people who were responsible for making the Brain Bowl regional tournament so successful:
Lee Hansen was a super moderator. We all know it was rough reading questions for six hours. We thought he did a marvelous job.
Thanks to James Rennie and Ed Cameron for filling in as judges. Also, thanks to everyone else who helped fill judges' positions throughout the tournament
Dr. Bill Kennedy had as lenghty a job as Lee Hansen. He was a patient timekeeper, even when our team kept asking if he had stopped the clock during judge-moderator conferences.
Doug Trabert did an excellent job videotaping the matches. We know the other colleges were as pleased with the results as we were.
Also, we thank everyone else who was involved in the other duties of the day's events
Most importantly, the Brain Bowl team wishes to thank Ken Tolliver for all his time and effort. We're all looking forward to the state competition.

The LSCC Brain Bowl Team

Why is enroliment down? Couid it be because too many students have been studying too near to Little Lake Sumter?

## LOC provides free aptitude testing

Students who are still searching for career areas that are of interest to them and are compatible to their abilities can take the General Aptitude Battery (GATB) offered by the

Learning Opportunities Center (LOC). The GATB will be given in the College Union on the first Wednesday of every month. The test will be given at two times: 8:30am to 11 am and 2 pm

## Club briefs

## PBL members to compete

By MARTHA JOHNSON
Ten LSCC members of Phi Beta Lambda, the national organization for business students, will compete in the PBL district competition involving various business skills on March 2 in Orlando.

Those participating are Kenneth Barnes, Viva Bragg, Gary Brewer, Kris Carpenter, Yvette Disbrow, Sandra Griggs, Kevin Hayes, Betsy Merritt, Ann Scheunemann, and Kathleen Suttkus.
These students will take written tests involving data processing, business

## Rotoract plans ski trip

A ski and/or mountain climbing trip is planned by Rotoract, one of LSCC's service organizations, according to Ken Wear, president. The trip is open to all LSCC students. More information may be obtained by contacting the admissions office in the counseling center.
As the weather gets warmer,
Rotoract will again sponsor Patio Parties on campus between the College Bookstore and the College Union
have food provided. The club plans to have again live music, such as the LSCC Jazz Band and the Leesburg High Jazz Ensemble, both of which were popular last year. These outdoor parties are planned once a month. Rotoract meets every other Wednesday at 11am in the cafeteria. The next meeting will be March 6 .
The group is funded by Sunrise Rotary Club of Leesburg and annual projects such as an antique show.

## These parties are open to all and wil

## Nurses plan fund-raiser

At the Nurses Association's Feb. 12 meeting in the nursing lab, the graduation on June 21 was planned Members decided on their nursing pins. The next scheduled meeting will be March 5 at 10am.

Any pre-nursing students interested in participating in the Nurses Association may contact Cochran at 326-3375.

Thirteen nursing students, members of LSCC's Nurses Association, will take blood pressures on March 7 at three local shopping areas. They will be located at the Leesburg Mall, Tavares Shopping Center, and Eustis Wal-Mart Shopping Center.
Barbara Cochran, president of the group, said this will be a fund-raiser for the nurses' graduation expenses.
to $4: 30 \mathrm{pm}$.
The GATB measures aptitudes in nine areas: general learning ability, verbal ability, numerical ability, spatial perception, motor coordination finger dexterity, and manual dexterity.
The results of the test can help students identify career areas that are compatible with their abilities. The results of the GATB can also be used with the CHOICES computer for further career exploration.

## WESH-TV hires past SGA head

By DAVID HOBBY
Mark Logas was never satisfied just being a student.
Before Logas, a recent LSCC graduate, completes his bachelor's degree at UCF this April, he'll have a resume that will command the attention of any prospective employer. Logas graduated from LSCC in 1983, but not before leaving his mark on the school. After completing a year as SGA senator, he ran for SGA president and won easily. As a broadcasting major, he also spent his afternoons and weekends as a local radio personality for WLBE 790 AM.
Currently at UCF, Logas recently accepted a job as weekend assignment editor at WESH Channel 2. He now is influential in deciding what will and will not air on WESH's weekend news broadcasts. Logas finds it an interesting challenge working with the Emmy Award-winning news team, and does not know for sure what his plans are after graduation in April.

When he first transferred to UCF, he interned with WCPX Channel 6 , Orlando.
Asked if he is still interested in what goes on at LSCC, "Will you promise to send me the next copy of The Angler?" he replied.
a scholarship endowment.
The roast is a formal evening beginning with a dinner. Then, according to Maruniak, "The dinner is followed by friends and family roasting the honoree [Kelly] with tales that are humorous and occasionally embarrassing, topped by a guest who toasts the honoree."

# Page 3/The Ang/er/Feloruary 25, 1985 <br> Computer telephone line saves Angler staff time 

By JACK DAYTON
The use of a computer-telephone connection (computer, modem and telephone) enables The Angler staff to save time entering the copy for the college newspaper in The Leesburg Commercial's computer. The Commercial prints The Angler.
Previously, Angler staff members went to the Commercial to place the copy into the computer, but this new computer hookup enables the staff to do the job on campus. Lavout is done at
the newspaper office in Leesburg Ken Tolliver, social science instructor, assisted Dr. Jean Sneed, Angler advisor, and The Angler staff in setting up the system.
The on-campus computer will give more students the chance to enter copy and learn more about how a newspaper works, Dr. Sneed said. "We are indebted to the Commercial and Mr. Tolliver for enabling LSCC students to publish their newspaper using the latest techniques and equipment."

Angler Assistant Editor Lorri Carpenter transfers copy from a campus computer terminal via telephone to the Leesburg/Commercial. Photo by S. Bateholts

## Variety of lost items found

By JACK DAYTON
Students or faculty confronted with finding articles lost on campus may find Mary Ruth Taylor; director of student activities, helpful in solving this problem.
Anyone who has lost something on campus may contact Taylor at the College Union, and if the lost article has been turned in, the owner may retrieve his property by identifying it.
All articles found should be turned in
to the Student Activities Office in the C.U. so they may be returned to their owners as soon as possible.
The following list of articles may be claimed there: a set of keys for a VW, a key chain with Schlage and T103 keys, a key chain with keys for a Datsun, a key chain with keys for a Jeep, á key chain with keys for a Ford, several other key rings with keys, a man's watch, and several rings.

## Definitely Not Fishing

## LSCC three-mile race on Tuesday

## By ED MARTINEZ

## Sports Editor

Tuesday, Feb. 26, at 11 a.m.,the Silver Lake Three-Mile Race will be held. The teign-up period has been extended till the end of Monday so all runners can participate. The sign-up sheet is posted on the intramural bulletin board at the west end of the gym.
$\square \square \square$
Intramural soccer is being given renewed life after it was cancelled last erm due to lack of interest. Janet Cleland, coordinator of intramurals, said a number of students have asked for it to be offered this term; therefore, she plans on squeezing it in between volleyball and softball seasons. All soccer players need to come out, or it may fizzle out again.

## $\square \square \square$

All LSCC passive athletes get out of that reclining chair and head for the gym. Intramural horseshoes begin March 14, so stop by the gym and sign up. The age-old game can be relaxing and offers minimal chance of physical strain.
$\square \square \square$
Congratulations to LSCC's Michael Bradner, who finished third in the 19-24 age category of the Eustis Washington's Birthday Festival 10K Road Race. If Mike come out for the SLR, he should have a good shot at winning the race.

## $\square \square \square$

Let's give praise to George Bianchi and his Lakers who have moved the basketball program one step closer to being successful. This year's team has gained the most victories, 11 against 21 losses, since the program was reinstated in 1982. The Lakers, who barely could suit up five players a game, lost by less than a field-goal to or upset some of the top ranked community college teams in the state.

## Faculty Team earns bid in championship match

[^0]
## Florida College defeats Lakers in semifinal game

The Lake-Sumter Community Basketball team ended its season with a dissapointing 77-53 loss to Florida College in the semifinals of the Suncoast Conference Tournament.
Florida College, the eighth-ranked community college team in the state, took the lead early and never relinquished it on its way to the semifinal victory.

Wilfred Louigene led the Laker attack with 19 points while Ross Matchett and Trey Crawford added 14 apiece. Louigene also added 10 rebounds.

Kenny Brantley scored a game-high 22 points to lead the Falcons while teammate Marty Pass had 11.
Even though the LSCC basketball
team Lakers did not fulfill George Bianchi's wish for a winning season, the squad has been the most successfi since the program reemerged in 1982.
This year's Lakers have won the most games of any team since 1982 (1) won the first post-season victory since '82, and earned respect in the tough Suncoast Conference.

Something has clicked. And you want to continue your education. Where will you get the money? Consider the Army College Fund. If you qualify, your two-year college education ( 60 semester hours) can help you accumulate up to $\$ 20,100$ in a two-year enlistment. And you can enter the Army with a promotion.

While you're getting the money for college you'll be learning a valuable skill. You can choose from a variety of skills useful to the Armiy that could lead to a civilian career.

You'll also have a couple of years to experience the excitement and adventure of travel, doing new things and meeting new people.

The point: the Army has lots of ways to help you make the most of your two college years. Find out how. Call your local Army Recruiter. 904-787-8485

Staff Sergeant William Hastie
1330 Citizens Blva., Suite 503, Leesburg, FI. 32748-3924
ARMY. BE ALLYOU CANBE.

[^0]:    Thursday Feb. 21 the Faculty Team clinched a spot in the intramural volleyball championship match with a three game sweep over the Underdogs 15-13, 15-1, and 12-10.
    The Faculty Team led by Capt. Lamar Sharpr dominated the match.
    The intramural volleyball season will end as the league leading Burnouts (14-4) square off against the Faculty Team (13-5) Tuesday Feb. 26 at 11 a.m. The two teams will play a match consisting of three games. Whichever team wins two games claims the championship.
    The final regular season standings are as follows: Burnouts 14-4, Faculty Team 13-5, Maniac's Maulers 6-12, and the Underdogs 3-15.
