VOLUME THREE—NUMBER FOUR

THE-LAKE-SUMTER JUNIOR COLLEGE, LEESBURG, FLORIDA

JANUARY, 1965

Featured above is the new L-SJC Library as seen from the entrance to building "B."

## L-SJC Parking, Traffic Laws

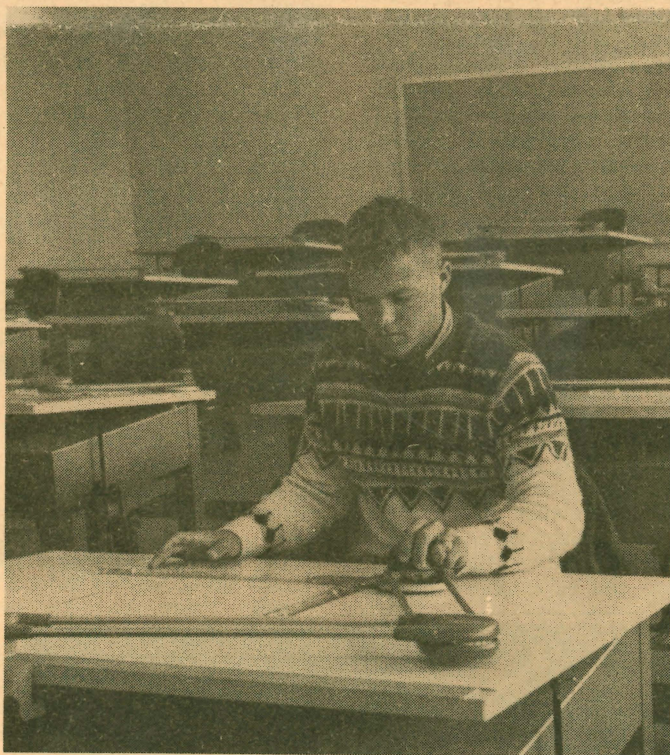

Even though the permanent parking and paving facilities are not yet complete, temporary areas have been arranged so that adequate parking is available for faculty and students alike.

Due to the limited space for parking and the high speed traffic located on Hwy. 441, stringent policies for parking and for flow of traffic will be followed, states Dean Bruns. 1. All traffic on the new campus will be one way. The entrance will be located on the southeast corner of the campus off of Highway 441, with exit on the southwest corner back onto Hwy. 441. No traffic is permitted on the presently existing road through the center of the campus in front of the library. 2. Maximum speed on campus is 15 miles per hour. 3.

The parking area immediately adjacent to the entrance from Hwy. 441 on the east side of the road is reserved for faculty and visitors only. 4. The second parking area located in the front center of the campus is reserved for school bus parking. 5. All student parking is located on the inner drive across the front of the campus with diagonal parking facing highway 441.

### Permanent Parking

Until our permanent parking and traffic facilities are completed some traffic problems are anticipated. If students will follow the above listed procedures a minimum amount of trouble will be encountered. Students, please be careful when leaving and entering the campus onto highway 441 where high speed traffic flows!

L-SJC engineering student, Landy White, tries out new drafting boards. (Sharpe photo)

## Technical Needs Met

By LANDY WHITE

The national need for semi-professional and technical manpower is critical. It has been estimated that by 1970 over 1,260,000 technicians will be needed in industry alone, as compared to 630,000 needed in 1960. The rate of production of new technicians does not exceed more than 35,000 a year. Most certainly, here is a challenge for junior colleges.

The engineering and technical students of L-SJC have one of the best facilities in the state of Florida. The equipment in the drafting technical classroom is as good as that found in any junior college in the state, and it has been said not even the universi-

ties in the state are as well as well-equipped in this area. In swing with the brand new campus, the drafting room has been outfitted with some of the finest drafting machines available. There are twenty desks with built-in drafting tools by K & E. In addition, there are two extra large tables for the larger layouts.

Last semester we had to lug around our boards, T-squares, triangles, and other instruments. Now all we need carry are pencils and instruments. Everything else is provided. Incidentally, is there anyone in the market for a used board, T-square, some triangles, . . . ?

## NEW SEMESTER—NEW CAMPUS

Welcome to the new Lake-Sumter Junior College! After several years of hard work and much planning the first phase of the permanent campus at Silver Lake is being opened. Left behind is most of the temporary campus adjacent to Leesburg High School. Thompson Brothers Construction Company of Leesburg was responsible for completion of this four-building, \$502,218 project.

### Study Aids

Pleasing to everyone concerned are the new facilities. The Library Building provides seating for 100 students as compared with 30 in the old library. It is also temporarily housing the college administration and bookstore. The general classrooms building, designated as Building A, has art, music, business education, and general classrooms. The language lab and teaching auditorium together are designated as Building B. These facilities will be used in language, shorthand, business education, speech, and music appreciation classes. Building C, the science building, houses facilities for drafting and technology, physics, chemistry and biology laboratories, and general classrooms. All buildings have faculty offices.

## Student Appearance

The Student Policies Committee of the L-SJC SGA, with Bill Bozeman and Buddy Hooten as co-chairmen, presented the following policies adopted by the SGA. Any attempts by students of Lake-Sumter Junior College to look shabby, or the wearing of any inappropriate attire for college students will not be tolerated. Violators may be decided by any full-time student, Student Government Association council members, or faculty members of L-SJC. Violators will be taken before the Dean of Students and disciplinary action may be taken.

### Cheryl Johnson To Represent L-SJC

Cheryl Johnson, 19 year old, blue-eyed, blonde, L-SJC language major, became the first entrant in the 1965 Florida Citrus Queen Contest. Cheryl is presently one of the four Maids of Honor is the court of Queen Nancy Collins, the 1964 Citrus Queen. As a contestant for the Florida Citrus Queen's crown, Cheryl will be competing in one of the nation's top-rated beauty events.

The coming March 14-15 Queen Contest will be held the spectacular new setting of the Florida Citrus Showcase on Cypress Gardens Road in Winter Haven.

Each faculty member's office is located in the general area where he will teach.

### Classes on Time

Students will be happy to hear that classes will finally be on time. The bell system on campus will notify teachers and students of the beginning and end of each class period throughout the day. Synchronized clocks have been erected in the classrooms and in the halls as a help to students.

### Health Facilities

Limited health facilities will be located in the Dean of Students' office in the Library. Students needing health assistance should see the secretary to the Dean of Students.

Here is more good news for students: The eating lounge and student office facilities are being completed. Buildings C, D, and E have been moved from the old campus for these purposes. One building will be used strictly for eating facilities for faculty and students. The second building will still be used as a student lounge. The third building will house offices for the Angler, the Naiad, and the Student Government Association. These buildings will be ready for use about February 8.

### Library Notes

For study, research, or just plain relaxing between classes, the new library offers pleasant surroundings and brand-new facilities. Comfortable new chairs and tables, individual study nooks, and many large new shelves are part of the new look in the spacious library. Warm, weather and sunny skies invite students to study out on the screened-in porch or on the steps over-looking the pond to the west.

The brightness, spaciousness, and casualness of the new library will be welcome changes to students used to squeezing past chairs and between tables and shelves. Hopefully, students will be kind to their new library facilities in gratitude for such luxury.

### New hours

Day: Monday through Thursday 8:00 a.m. - 4:30 p.m.; Friday: 8:00 a.m. - 4:00 p.m.

(Continued on page 4)

### Visitation Team Team From FSU

Mr. Jack Arnold, Assistant Dean of Students at FSU, along with a visitation team from the university, will be on campus during the week of February 22-26 to answer questions from students who are considering transferring to Florida State University. Students who wish personal interviews with this team should sign up in the office of the Dean of Students immediately.

## Angler Staff

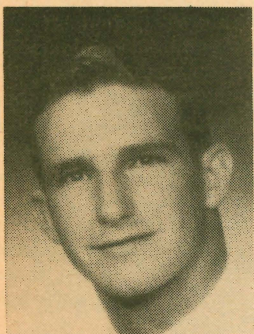

Editor-Publisher.....Dale Sharpe—Tavares  
Associate Editor.....Marilyn Blount—Leesburg  
Feature Editor.....Peggy Johnson—Wildwood

Advisor: Mrs. Jean Sneed.

## FROM THE EDITOR'S DESK

We are beginning a new semester on our new campus, and NOW is a perfect time to begin to change a few of the attitudes and actions that are unbecoming to Lake-Sumter students. I speak to you of sportsmanship, honesty, and respect for others than oneself. Particular instances might reveal the essence of what I have to say:

### — Restaurant Vandalism —

After the Christmas dance, only 30 of the 80 students participating in the festivities at the Varsity restaurant paid their bills before leaving. (Anyone could have afforded a meal at that low price.) The Varsity was forced

to buy complete new supplies of ash-trays, salt and pepper shakers, catsup containers and drinking glasses, because the original items are now the property of Lake-Sumter students!

Other instances relative to these acts concern the school-sponsored trips to basketball games. The team and cheerleaders work hard to build a little respect for our new school, but lose what little they have gained when "avid fans" steal from the restaurants where we stop, and show unsportsmanlike attitudes at the games. Members of the team, cheerleaders, and SGA members as well as fans are guilty of restaurant vandalism.

### — Boisterousness —

I might add that the way L-SJC 'ers conduct themselves in these establishments is far from commendable, too. This boisterousness (of which I am as guilty as anyone) has to stop! Put yourself in the place of some of the adults like which we are trying to become: would you like to be run out of a restaurant on one of your few nights out by a gang of ill-bred college students?

## Calendar of Events

Fri., Jan. 29, Classes begin	
Sat., Jan 30, L-SJC vs Polk J.C.	Winter Haven H.S. Gym 8:00
Mon., Feb. 1, L-SJC vs Brevard	Leesburg High School 8:00
Fri., Feb. 5, L-SJC vs Daytona J.C.	Daytona 8:00 Leesburg
Sat., Feb. 6, L-SJC vs Polk J.C.	High School 8:00
Wed., Feb. 10, L-SJS vs Central Florida	Ocala 8:00
(Cheerleaders are planning a HAY RIDE to Ocala)	
Fri., Feb. 12-13, Press Conference	Gainesville, Fla.
Fri., Feb. 13, L-SJC vs Florida College	Leesburg
(Homecoming Game)	
Tues., Feb. 16, Faculty meeting	High School 8:00
Feb. 17, 18, 19, Division 11 Basketball Tournament	Ocala
(Florida Military vs L-SJC)	

## NOTES FROM THE DEAN

A joint convention for Florida Junior College Press Association and the Florida Council of Junior College Publications Advisers will be held Feb. 11 and 12 at the University of Florida in Gainesville. Members of the Angler staff and the Naiad staff along with the advisers have been invited to attend. Please check with the Dean of Students concerning the convention.

Students are reminded that no "add-drops" will be issued the first day of classes.

The book store will be open

Thursday, Jan. 29 from 1:00 until 4:30 and will be open all day Friday, Jan. 29 and also Saturday morning if enough students make the request to purchase books.

### Graduation

#### Candidates for Graduation

Friday, Feb. 5, is the last day for candidates for graduation to secure applications for graduation in the Dean of Services' Office. Students must pay the \$10.00 graduation fee to cover cost of diploma and cap and gown at this time.

## Additions to Faculty

By PATTY SCHRADER

With the move to our permanent campus upon us, we will be seeing some new faces on the teaching staff. We are pleased to welcome to Lake-Sumter Junior College. Mrs. Elizabeth Huggins, who will be teaching English this second semester. She received both her B.S. and M.A. degrees from Syracuse University. Mrs. Huggins and her family, including one of L-SJC's four sets of twins Ann and and Jear reside in Tavares.

Another newcomer to the English staff is Mrs. Gwendolyn F. McLin, previously an evening instructor, who will be teaching two day classes this semester. Her husband is a practicing attorney and is presently county prosecutor. Mrs. McLin received her Bachelor's Degree from the University of Florida in 1961. Mr. and Mrs. McLin and their son reside in Leesburg.

Mr. Peter Rob of Gainesville has been appointed as an instructor.

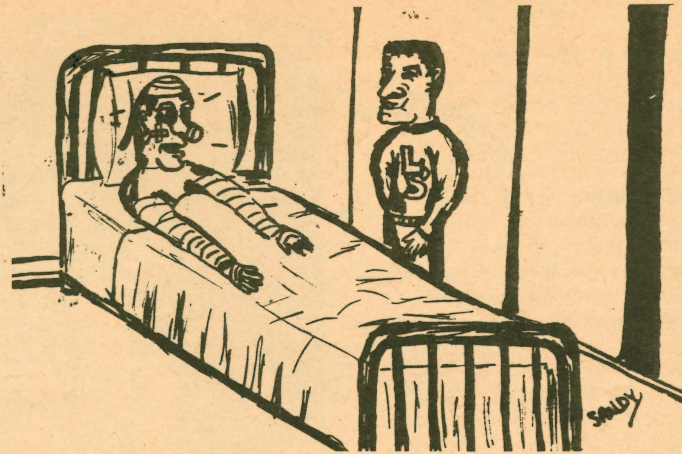

(Continued on page 4)

## Military Career Day

Military Career Day for all interested Lake-Sumter College students, male and female, is tentatively being scheduled for Thursday, Feb. 18, at 11 a.m., in the teaching auditorium. Representatives from the U.S. Army ROTC and U.S. Air Force ROTC programs will be featured. Of particular interest to female students, a representative of the WACs and the WAFs will also be present. They will be available to counsel primarily for the nurse and the technical corp of the military.

Lt. Commander Al Henkle from the Naval Air Station, Jacksonville, will be present to discuss the Aviation Officer Candidate program for the college graduates and the two-year college Naval Cadet program in the U.S. Navy.

Finally, recruiters from the U.S. Marine Corps, U.S. Navy, U.S. Army, and U.S. Air Force will be available for students wishing information about the various enlistment programs. Further information about this program will be available later.

"It all started when my father and I raced to the mailbox for my grades, and he won!"

## CRAMMING

By MARILYN BLOUNT

Cramming: it's fun! Unfortunately we have that "day after the night before" look — and exams — to face the next day. The last time I crammed for a test (semester exam week, as a matter of fact), I vowed never to do that again; at least not until next semester exams, anyway.

Really, we had a good time cramming. No - Doz and gallons of coffee kept us wide awake, alright, but we certainly didn't feel like studying. We gabbed, listened to records, talked on the phone, went visiting other kids who were cramming — did everything but study. Well, we might have studied for an hour, but all that did was show us that we had so much studying to do we couldn't possibly finish, so we just gave up.

Then what did we do? Wide awake, (ask anybody — I was a little wider awake than most), I was about ready to take off on one of my own little unscheduled flights into the clouds) we could not go to sleep, so there was nothing left to do but have fun. This is all well and good, but what if you mess up on the final (and it's very likely) after walking into class like a zombie who slept in the wrong grave the night before? Wouldn't it be easier to pay attention in class every day and keep up your assignments Oh, I never want to see another cup of coffee!

### "CORN FLAKES"

—Never thought a cold would get as much publicity as LBJ's.

A friend of mine felt like a celebrity: her temperature was higher than Johnson's.

So you think our parking lot is a problem? In Paris parking is so bad that the current saying is, "Shall we walk, or do we have time to take the car?"

Overheard: Daughter explaining nightly activities to parents — "That's why we're always so late getting home on time!"

People can stop dedicating "Little Brown Shack Out Back" to L-SJC, now. I think our needs have been amply provided for — and in colors, too!

Unhappiness is a wrap-around skirt on a windy day. (Or happiness, depending on your point of view.)

Famous last words: Adam, are you criticizing my apple salad?

### EXPERT BOWLER

Michele Sturtz from Tavares has acquired an average of 154 in bowling, within a 3 year period. She has bowled in two winter leagues in Leesburg and one summer league in Clermont. In 1962 she won the Junior Handicap State Championship at Satellite Beach, and the district contest at Winter Garden. One of 33 bowlers who spent five and a half days bowling in Washington, D.C. in the national tournament, Michele came in twelfth.

## Semester Break Dance

By MARILYN BLOUNT

The Blue Cords provided swinging sounds for the SGA semester break dance Saturday night at the Elks' Club. Excitement from winning the basketball game against IRJC and relief from school and exams (and grades) proved to be great factors in contributing to the success of the dance.

Bill Bozeman, co-chairman of the dance committee, announced the dance between quarters at the game (and received a round of applause). Consequently, due to this and good publicizing, there was a large turnout of college and high school students. Dancers and listeners enjoyed very long numbers and few breaks by the Blue Cords. Playing until 1 a.m., the versatile group played everything from good ole Jimmy Reed to slow types like "Summertime."

Chaperones for the dance were Mrs. Mary Ruth Taylor and Mr. and Mrs. Kent Sole. Other faculty members present were Dean E. J. Bruns, Mr. and Mrs. Delbert Hollingsworth, Mr. and Mrs. Bill Brown, and Col. and Mrs. Louis Wirak.

Pat Norris, refreshment committee chairman for Christmas dance, is serving punch to Dean Asbell, while Mr. Joe Rhile helps himself to the cake. (Sharpe photo)

# Campus Fashion Notes

**By PATTY SCHRADER**

Begin the new semester in style with a visit to Edwards-Macy. As you enter you may be greeted by a new face, that of Mrs. Dorthey Lieberman, who is the new manager. Helping Mrs. Lieberman as assistant manager is Mrs. Linda Mangino. Mrs. Lieberman has had 22 years of experience as owner of the Fashion Shop in Leesburg. You will find that she is always ready to help you choose fashions to suit your needs and tastes.

**Spring Cleanup Sale**  
With the cold wave, you girls

# Swimming Classes Offered

**Beginning Swimming**  
Beginning swimming course will include instruction in the fundamentals of beginning swimming with emphasis on safety practices. The course is designed for the person who is for a beginner rank (cannot swim the length of the pool if his life depended on it).

**Intermediate Swimming course**  
is designed for the student whose swimming skill is beyond the level of beginner. Emphasis will be placed on safety practices and the following strokes: elementary back stroke, crawl stroke, side stroke, trudgeon, back stroke, and breast stroke.

**American Red Cross Lifesaving**  
is open to all L-SJC students who can pass the following qualifying swimming tests: (1) swim continuously for 440 yds.; (2) surface dive to a depth of 7 ft., level off, and swim two body lengths; (3) execute a good standing dive from deck of pool; (4) tread water for a minimum of 3 minutes.

**American Red Cross Instructors Course** is open to all L-SJC students that have taken the ARCS course and successfully completed it. Students will not be able to register for this course without being able to furnish proof that they have completed the ARCS course.

**Sandy Schoenberger**

Those of you who did not ride the fan bus to the Brevard game missed a good game and a good time. Although we were defeated, we were good sports about it. At our next game with them, the score will be in our favor. Realizing that we could not eat before the game, some of the cheerleaders stopped at the shopping center before boarding the bus to get some cokes and potato chips. The last thing we heard Mary Ellen say was, "They wouldn't leave us, there are four cheerleaders here." The next thing we knew, the bus had already gone, WITHOUT US FOUR CHEERLEADERS! Guess who's going to be on time after this!

I'll bet no one knew that Joe Harris has part interest in an orange grove between Tavares and Mt. Dora. Riding on the bus the other night, we had to stop so he could check at his grove. (At least, that's the reason that

can make use of the sweater and skirt sale now in progress. Dark cottons, raincoats, and top coats, also have been reduced for quick sale.

A new shipment of school dresses in denims, cotton prints, madras, and checks has arrived. Styles for spring are A-line in skirts and jumpers.

Madras parkas in patch-work designs and madras skirts coordinate with cotton skirts that come in a variety of colors.

For warmer weather, Edwards-Macy features name brand swim suits such as Rose Marie Reid, Beach Party, and Sea Bea. One-piece suits of madras, cotton, and nylon blend range from \$19.95 to \$25.95. Two-piece suits and bikinis are available in madras, denim, checks, and prints of cotton from \$15.98 to \$22.98. Cute coverups of dotted swiss and cotton prints coordinate with the variety of swim suits.

For a new you to match a new semester at the new L-SJC campus, visit Edwards-Macy in the Plaza, Leesburg.

# Rhythms Class

One of the most popular physical education co-educational classes offered second semester at L-SJC is rhythms, basic and advanced.

The basic class is designed to teach the fundamental steps in social dancing as well as tradition square dancing. Popular steps such as fox trot, waltz, cha-cha, tango, samba, rumba, lindy, jitterbug, polka, and hully-gully are taught in the basic classes. Emphasis is placed on practicing the variations and combinations of the basic steps in the advanced class. Highlight of the rhythm classes is the annual dance for the class students and their dates for the purpose of demonstrating progress made in social dancing during the class period.

The **Nation Rocking Shadows** will play before the game and at half-time Monday, Feb. 1 when L-SJC hosts Brevard Junior College.

# Sandy's Si-nop sez!

he gave us for stopping!)

The cheerleaders certainly made a quick change on the bus. I'll bet the boys didn't know there was a tape recorder recording their conversations. Whooee!

Patty Schrader will be the new regular on the cheerleading squad. We're sure that she will do a good job and is welcomed to the squad.

Thanks and appreciation go to everyone on the Christmas Dance Committees. Brenda Pace and Kathy Cain did a wonderful job decorating the student lounge for Christmas. Their thoughtfulness was appreciated!

We are planning to have a HAY RIDE to the L-SJC vs Central Florida game at Ocala Feb. 10. Please plan to go and join in the fun.

Say, those finals were nothing to sneeze at, were they? (They were something to CRY about but certainly nothing to sneeze at!!!)

The cheerleaders had a slumber party Saturday night (Sunday morning) after the Semester Break dance. It was, at Norma Baird's in Mt. Dora and we played pick-up sticks and wrestled and played tricks on the sleepy-heads in the group. No one did any sleeping!

# June Weddings Planned

PENNY ASH, "Queen of the Christmas Ball," is shown above with her escort, Cliff Strote. (Roger Shants photo)

# Bowling At L-SJC

L-SJC students, 80 women and 127 men, rolled 3091 games and knocked down almost one third million pins during Physical Education Class in bowling at the Bowl Drome.

The distance traveled by the total balls delivered at the foul line would be equivalent to that of one ball rolling 674.58 miles. Students walked a total of 137.36 miles on the approach and slid 14.03 miles on the release.

# RESULTS IN THE WOMEN'S CLASS

# Christmas Dance Successful

Almost everyone considered the Christmas dance held Saturday, Dec. 19, an overwhelming success. Decorated in a "Musical Christmas" theme, the Leesburg Armory was a showplace of greenery, large hanging ornaments and colorful crepe paper. The entrance of the building was draped with strings of Christmas bulbs and candy canes, and inside the building was a large, twinkling Christmas tree.

Besides the many students and faculty members of L-SJC who enjoyed dancing to the music of "The Flaming Tempos" and sampling the refreshments of cake, punch, mints and nuts, there were also present a coupled from Central Florida Junior College (Pete Fisher and his date) and several alumni of L-SJC. There was a large attendance at the dance, considered one of the best ever sponsored by Lake-Sumter Junior College.

Special thanks go to the following people who helped make the dance possible: Janet Baker and Mrs. Taylor, who worked so hard to organize the dance; Sandy Schoenberger, head of the decoration committee, who worked many long hours on the art work for the dance; Pat Norris, head of the food committee, who did such a good job of preparing the refreshments, and Jay Boyd, who was responsible for tables and chairs. A note of appreciation is also due Gretta Ballard, Betty and Barbara Patterson, and the many others in the Student Government Association who helped to decorate.

# Penny Ash

Mr. and Mrs. Lewis S. Ash of Leesburg have announced the engagement of their daughter, Penelope Hester, to Lt. Richard H. Heydt of Palmerton, Pa., son of Mr. and Mrs. Gordon J. Heydt, also of Palmerton.

The bride-elect graduated from Leesburg High School and is a sophomore at Lake Sumter Junior College.

Lt. Heydt is a graduate of the United States Military Academy at West Point, N. Y., and is stationed at Turner Air Force Base, Albany, Ga.

A June wedding is planned.

# Jo Ann Bowsman

Mr. and Mrs. James H. Bowsman have announced the engagement of their daughter, Jo Ann Frances, to Robert Crawford, son of Mr. and Mrs. Joseph C. Crawford of Eustis.

The bride-elect graduated from Leesburg High School and is a Freshman at Lake-Sumter Junior College.

Mr. Crawford is a graduate of Eustis High School and is employed by the Daily Commercial.

The wedding is planned for June 13.

# Deans List

Dr. William Bungert, Dean of Instruction at L-SJC, is delighted to announce that thirty L-SJC students received a "B" or above average for the first semester and one student received all A's. This is an honor to be proud of. Following are the honor student with grade point averages:

Marilyn White	4.00
Jeanette Huggins	3.93
Penny Ash	3.88
Mary Thomas	3.94
Naomi Ivey	3.82
Bobby Rapalje	3.77
Connie Corbin	3.75
Marietta Wesson	3.75
Jackqueline Waddle	3.75
James Askew	3.73
David Barnett	3.70
Carla Koss	3.69
G. Peter Wilson	3.58
Betty Summers	3.57
Frederick Nelson	3.56
Deadre Smith	3.56
Roger Shanks	3.50
Sigrid Hood	3.43
Nancy Myers	3.43
Diane Rowell	3.37
Nancy Manucy	3.35
Janet Baker	3.31
Landy Bruce White	3.25
William Taylor	3.23
John Franklin, Jr.	3.23
Sharon Fuller	3.23
Marie Matche	3.23
Nancy Wilson	3.23
Mignon Traylor	3.20

# Phi Beta Lambda

The members of the Phi Beta Lambda met Tuesday night, January 26, at the Park Restaurant in Tavares for their monthly meeting. They had a delicious meal which was followed by a short business meeting. The Vice President, Judy Scovill, reported that our next meeting would be February 23 and that the time and place would be decided on at a later date. The President, Brenda Pace, then turned the program over to Richard Lenze, Treasurer, who introduced the guest speaker, Mr. Ed. Douglas.

Mr. Douglas is the Public Relations Manager of the Sumter Electric Co-Operative. The talk was thoroughly enjoyed by all present and the meeting was adjourned.

# L-SJC Tops CFJC in Overtime 83-75

## Harmon Gets 27 to Pace Laker Five

The Silver Lakers of Lake Sumter Junior College staged a come from behind finish at Ray M. Hayes Gym last night to pick up their first win in three seasons of play over the Rebels from Central Florida Junior College of Ocala. It took five minutes of overtime to do it in but the locals pumped in ten points in that period of time while holding their taller opponents to two for as thrilling a win as you would want to see in some time. The Lakers 83 to 75 victory over the Rebels upped their season's record to six and four while leveling the visitors record to two and two. To the sports enthusiasts on hand last night it also left no doubt that junior college basketball can be as exciting as you want to see.

The score was all tied up no less than four times in the first half of play until Charlie Beauchamp dumped in a two pointer to push the Rebels out in front. This two point lead was good enough until halftime.

At the start of the second half Bob Douce picked up a pair at the foul line to knot the count again and the see saw battle was on. No less than nine times during the second half the score was all tied up.

When Jack Harmon hit three from the four line to push the Lakers into a three point lead with fifty seconds showing on the clock it looked like they had the game in the bag. The Rebels bounced back though with one from the foul line by Dick Crone and a two pointer from the floor by Chuck Glanzer and the twin quintets went into overtime.

In the five minutes overtime Dale Sharpe picked up a pair at the foul line in between two field goals for six points to shoot the Lakers out in front to stay. J. D. Askew chipped in a field goal and Danny Jones hit a pair from the foul line to put the game out of reach.

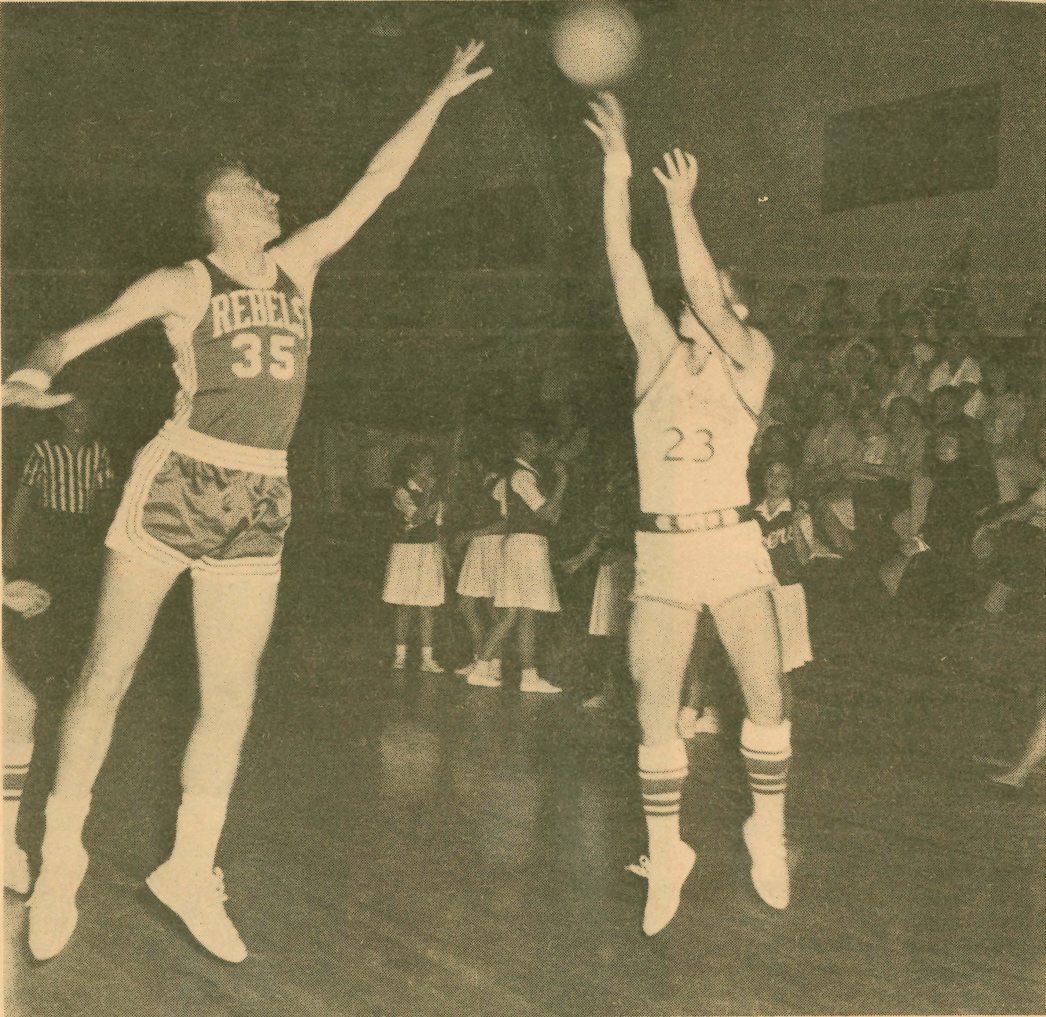

In the meantime the best the visitors could do was a two pointer by Glanzer.

Jack Harmon hit twenty seven for the winning Lakers while Dick Crone from his post position dumped in thirty points for the losing Rebels.

Lake Sumter			
Name	FG	FT	Tot.
Douce	5	5	15
Sharpe	6	6	18
Askew	4	7	15
Harmon	11	5	27
Shaffer	0	0	0
Stahl	1	4	6
Jones	0	2	2
Sperry	0	0	0

Bradford	0	1	1
Crone	11	8	30
TOTALS	23	29	75

Score by periods:  
Lake Sumter 33 40 10-83  
Central Florida 35 38 2-75

Jack Harmon shows a Rebel guard how to score 27 points! (Winnie Griffith photo)

Bob Stahl

The Silver Lakers made it three wins in a row (and number six for the year) with a fantastic 83-75 overtime victory over our arch-rivals, the Central Florida Rebels from Ocala. Jack Harmon (27 points) and Dale Sharpe (18) were the top scorers in a nip-and-tuck game that was never decided until the overtime period.

Earlier in the season, the Lakers won their first trophy by taking an 83-70 game from Polk County in OJC's Invitational Tournament shortly before Christmas. Jack Harmon was selected as an All-Tournament Player by his 30 point production in the two tournament games.

The real tragedy of the season season seems to have been our three losses to OJC, who have been ranked 15th in the nation. Our losses, 79-46, 96-61, and 79-55, were not as bad as the scores indicate, as OJC averages better than 6'3" per man. Bob Douce had the best scoring average against OJC with better than 12 points per game.

## From the Sports Editor's Desk

up in the early part of the second half, and the game was never close from then on.

After coming back from Tampa on a Friday night, the Lakers entertained the Indian River team Saturday at home, and we barely squeaked out a 75-72 win. With Askew and Sharpe hitting for 16 points apiece and Douce for 23, the Lakers kept giving their fans some excitement until they decided to take the lead and keep it. With less than a minute to go they took a three point lead and kept it for the win.

J. D. Askew is asking that anybody, 6 feet 5 inches tall, who knows what a basketball is, please contact him at the earliest possible date. Also, Bob Stahl, Dale Sharpe and Bob Douce are selling a book called Technical Fouls — The Easy Way."

Harmon (21) and Douce (16) led the Lakers to their third win of the season in downing the Scots from Daytona Beach 71-60. This was another close game, but the final ten minutes proved to be the appointed time for the Lakers to take the lead, and with Strot and Sharpe rebounding, they kept it for the win.

Brevard put the fourth blemish on our record by taking a 62-44 win from the Lakers. From the last-half situation, BJC must have been afraid that the Lakers might come back in the final twelve minutes, because BJC "froze" the ball during the final period. Douce's 14 points and J. D. Askew's 10 were our two high scores for that game.

Again, with Harmon (31) and Sharpe (14) leading the way, the Lakers traveled to Tampa to slaughter Florida College 68-44. The team got off to a slow start, but Douce and Harmon opened it

## Homecoming Announced

The third annual Lake-Sumter Junior College Homecoming will take place on Saturday evening Feb. 13, at 8:00 with a basketball game between the Silver Lakers and Florida College of Tampa. Homecoming Queen, who will be elected by the student body after the preliminary election by the basketball team, will be presented during the half-time ceremonies.

After the Lakers' victory, a Homecoming Dance will be sponsored by the Lettermen's Club from 9:30 until 12:00 midnight at the Leesburg Community building. Miss Sharon Reich, Homecoming Queen of 1964, will crown the new queen, who will reign until next year. The price for the dance will be 50c per person, and the music will be played by a "Mystery Band" to be announced the week prior to the event.

**NEW SEMESTER**  
(Continued from page 1)  
Evening: Monday and Tuesday 6:30 - 8:30 p.m.  
The library will be open Thursday evenings 6:30 - 8:30 p.m. for the first three weeks of the spring semester. If the need warrants, it will remain open for the rest of the semester.  
New students should ask at the circulation desk for a library identification card and a copy of the library policies.

**ADDITIONS TO FACULTY**  
(Continued from page 2)  
tor in the Social Science Division. He will be teaching geography and economics this semester. Mr. Rob received his Bachelor's Degree from the University of Florida in 1959 with a major in geography and has just recently completed work on his Master's Degree. Mr. Rob was born in Indonesia and has lived in the Netherlands, where he developed the hobby of collecting snakes. Mr. and Mrs. Rob live in Leesburg.
